# Call for Presentations

The organising committee for this workshop is pleased to announce the 1<sup>st</sup> Call for high-quality presentations of original research on dynamic hazards associated with underground coal mines. The program committee will consider submissions that are of significant interest to the coal mining industry and research community. Topics of interest include, but are not limited to:

- Typical case studies of coal/rock burst
- Mechanism of coal/rock burst
- Latest technology of coal/rock burst monitoring and prevention
- Coal/rock burst control in China's high-production coal mines
- Coupled coal-gas burst hazard
- Management systems for coal/rock burst control

## KEY DATES AND REGISTRATION:

- Attendance confirmation: 15<sup>th</sup> June 2019
- Registration: 22<sup>nd</sup> June 2019
- Symposium: 23<sup>rd</sup> June 2019
- Registration fee: 200 US\$ for normal representative, 100US\$ for students.

## HOSTS:

- China University of Mining and Technology (CUMT), China
