AUSTRALIA

Call for Presentations

UNIVERSITY
OF WOLLONGONG
AUSTRALIA

The organising committee for this symposium is pleased to announce the 1st Call for high-quality presentations of original research on dynamic hazards associated with underground coal mines. The program committee will consider submissions that are of significant interest to the industry and research community. Topics of interest include, but are not limited to:

- Rock/coal burst: mechanism, monitoring and best mitigation practices;
- Coal and gas outburst: prediction, monitoring and controls
- Wind blast;
- Case studies of risk management including catastrophic roof failures

KEY DATES:

Abstract Due: 30th June 2018

Symposium: 18-20th July 2018

ORGANISERS:

- University of Wollongong (UOW), Australia
- China University of Mining and Technology (CUMT), China
- University of New South Wales (UNSW), Australia
- University of Science and Technology Beijing (USTB), China
- Anhui University of Science and Technology

UNSW
SYDNEY
