Call for Papers

The organising committee for this symposium is pleased to announce the 2nd Call for high-quality papers of original research on dynamic hazards associated with underground coal mines. The program committee will consider submissions that are of significant interest to the industry and research community. Topics of interest include, but are not limited to:

- Rock/coal burst: mechanism, monitoring and best mitigation practices;
- Coal and gas outburst: prediction, monitoring and controls
- Wind blast;
- Case studies of risk management including catastrophic roof failures

KEY DATES:

- Abstract Due: 15th June 2018
- Symposium: 18-20th July 2018

ORGANISERS:

- University of Wollongong (UOW), Australia
- China University of Mining and Technology (CUMT), China

CO-ORGANISERS:

- University of New South Wales (UNSW), Australia
- University of Science and Technology Beijing (USTB), China
- Anhui University of Science and Technology (AUST), China
- Chongqing University (CQU), China

ORGANIZING COMMITTEE

- Honorary Chairman: Liang YUAN (AUST)
- Chairman: Ting REN (UOW)
- Co-chairman: Linming Dou (CUMT), Ismet CANBULAT (UNSW), Xuqiu HE (USTB & UOW)
- Members: Yiyu Lu (CQU), Dennis BLACK (UOW & CoalGas), Yuanping CHENG (CUMT), Sheng XUE (AUST); Guojun LI (Fushun Coal Group); Jianping WEI (HPU), Alex REMENNIKOV (UOW). Zhejun PAN (CSIRO), Jan NEMCIK (UOW), Justine CALLEJA (UOW)
